

Kandle LED Book Light by Ozeri, with new WideLip grip designed for the Amazon Kindle, Sony Reader and other eBook readers

- New patent-pending WideLip™ grip that does not block the screen on the Kindle™, Sony® Reader and other eBook readers.
- Double pivoting arms allows for easy positioning and adjustment for tailored screen illumination.
- WideLip™ grip also works perfectly on books without blocking text on the page.
- Powered by two lifetime X2 LEDs optimized to distribute uniform light without creating glare or eyestrain.
- Works perfectly as a stable, free-standing night light.

Product Description

- The perfect accessory for any eBook, the Kandle by Ozeri is designed for the Amazon Kindle™ 1, 2, and DX, Sony® Reader Digital Books, and other eBook Readers. The Kandle by Ozeri features a new patent pending design that attaches to eBooks and printed books without blocking the screen or page. It also boasts double pivoting arms that allow for easy positioning and adjustment to tailor the screen illumination. The Main Pivoting Arm rotates 90 degrees from its closed position, and the Upper Pivoting Arm rotates another 70 degrees for complete customization. Unlike other eBook lights, the Kandle by Ozeri is powered by two lifetime x2 LEDs that are optimized to distribute light evenly without creating glare or eyestrain. Petite and light, the Kandle by Ozeri is ultra portable and folds into a closed position where the LEDs are fully protected from scratches or breakage. Ships with 2 CR2032 batteries included.
